

SUPPLEMENTAL APPLICATION FOR TRANSIT INSURANCE

DESCRIPTION OF PROGRAM

The Transit Insurance Program (TIP) was designed so that policyholders can issue first-party Evidence of Insurance Forms to their customers. The customer then becomes an insured of TRANSGUARD INSURANCE COMPANY OF AMERICA, INC. This coverage is NOT like valuation and should not be shown as such on any Bills of Lading.

The premium charged to the customer depends upon the value of property, distance transported, how transported, if SIT coverage is required, and what deductible option is chosen. The basic category rates, however, are unique to each policyholder – depending on their individual experience and history. TIP is a separate policy with annual rate review.

The policyholder can quote various different coverage options to their customers easily through their program access on the TRANSGUARD website. Once coverage is ordered, the Evidence of Coverage is automatically printed at the policyholder's location. The policyholder collects the premium and transmits to TRANSGUARD at the end of each audit period.

PLEASE CHECK WHICH KINDS OF PROPERTY YOUR CUSTOMERS MIGHT WANT TO COVER UNDER THIS PROGRAM: (Show all that may apply-Categories can be added during the policy period.)
